Year 2008 was very active but also turbulent for us. After many years of attempts, we have finally opened the **Center for Victims of Sexual Violence** on March 27, 2008. This was accomplished thanks to the Embassy of Finland in Zagreb, the National Foundation for Civil Society Development and the Global Fund for Women.

Important news is that the City of Zagreb recognized the value of the Women's Room's work and we obtained **city premises for our work** in Zagreb, on 51a Maksimirska Street.

During 2008, two long-term members of the Women's Room, Voljana Kapelina and Ivana Dijanić Plašč, left the Women's Room and two new energetic activists, Maja Vukmanić and Paula Zore, joined us.

Women's Room was implementing **15** programs and projects during 2008. Within the scope of **educational programs** we organized and delivered **95** different educations: 50 lectures, 12 trainings, 27 workshops, 3 panels, 2 round tables and one regional conference. Target groups comprised of representatives of civil society organizations, representatives of governmental institutions and bodies, high school students, university students and citizens at large. Total number of participants of these educations was **2644**.

The Center for Victims of Sexual Violence provided **174 counsellings** for **78 clients**. The most frequent problems clients identified were rape and sexual abuse (67%).

18 different materials were printed during 2008: two books, one manual, three posters, four leaflets and eight different promo materials of the Women's Room and the Center for Victims of Sexual Violence.

Women's Room's members participated in **29 international and local conferences and/or meetings or promotions** organized by local and/or international organizations or governmental bodies. We also participated in **27 meetings of different networks, teams, working groups, coalitions, coordinations and councils**.

Our work was covered **69 times** in numerous newspapers, magazines, on TV and radio shows and portals.

The Women's Room's work during 2008 was supported by:

Ministry of Science, Education and Sport; National Foundation for Civil Society Development; Global Fund for Women; CARE North West Balkan; Embassy of Finland in Zagreb; City of Zagreb – City Office for Health, Work, Social Welfare and War Veterans; Zagreb County; Office for Human Rights of the Government of the Republic of Croatia; European Commission; Pliva; Hypo Bank; Karlovačka Brewery and Končar.

We would like to thank Liz Kelly whose support enabled the first regional conference against sexual violence.

We express our gratitude to Diana de Veigh, long-term supporter of Women's Room whose love and support empower us and make us feel that our work is important beyond Croatia.

2.1. Basic Information about Women's Room

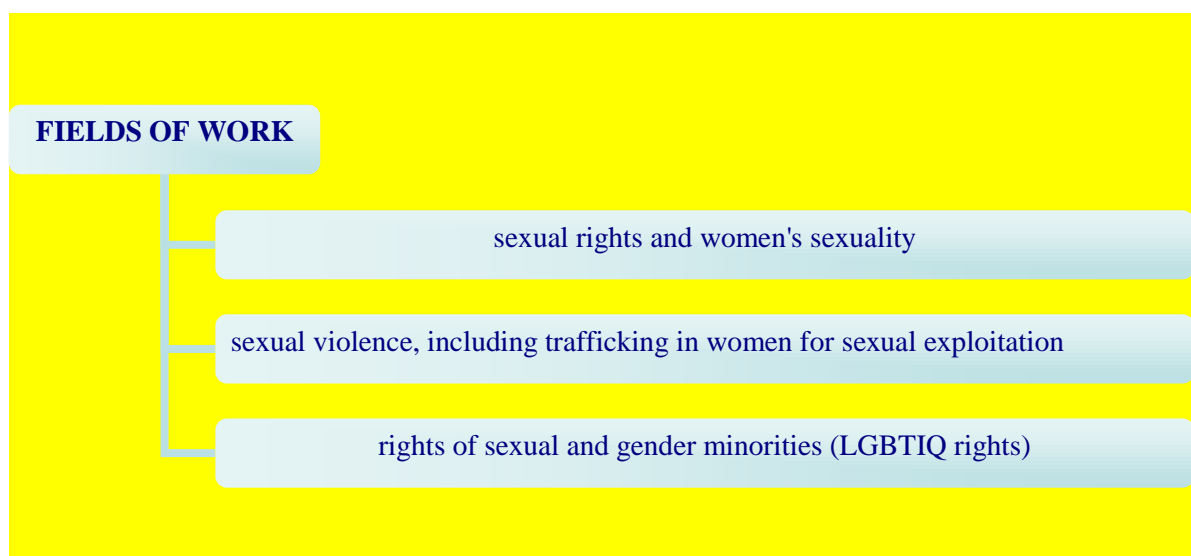

Women's Room (Ženska soba) – Center for Sexual Rights is nongovernmental, feminist, nonprofit organization that works on raising awareness of women, institutions and public about women's sexuality and sexual rights through education, research and public work. We provide direct and indirect assistance and support to victims of sexual violence.

It was founded in 2002 in Zagreb and works on local and regional levels.

Women's Room was established with the following goals:

- diminishing all forms of sex, gender and sexual discrimination;
- empowering women to demand the protection of their human rights;
- promoting and protecting sexual rights in accordance with the Declaration on Sexual Rights;
- introducing all-encompassing educational practices based on scientific facts to all levels of education;
- promoting positive attitudes about women's sexuality, sexual health, and freedom of choice;
- diminishing all forms of discrimination based on gender expression and/or gender identity, sexual orientation, and intersex characteristics;
- providing direct assistance to women who have survived sexual violence;
- empowering LGBTIQ individuals in demanding protection of their human rights;
- empowering youth in countering sex, gender and sexuality discrimination.

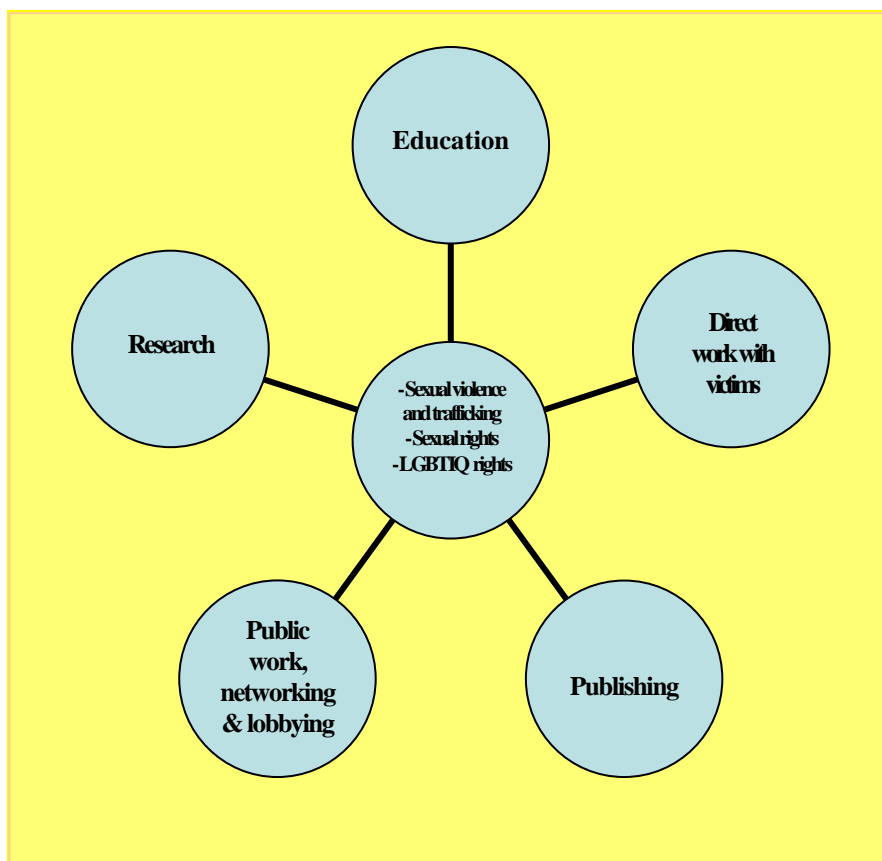

Image no.1: Fields of work in 2008

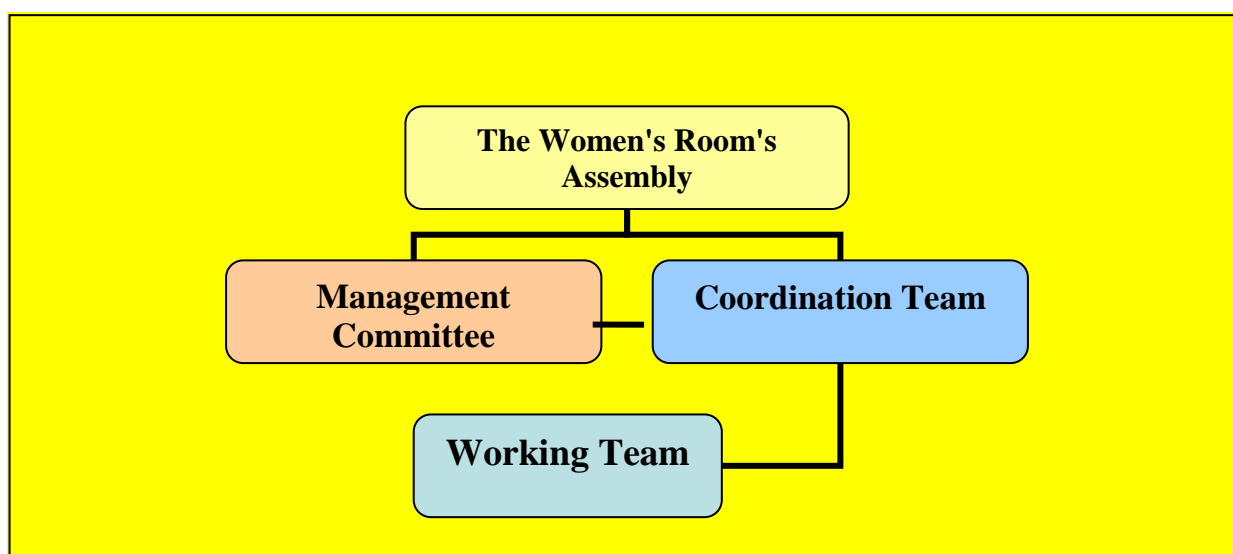

During 2008, the Women's Room implemented **15** programs and projects within the scope of 3 main program themes. Description of programs and projects for 2008 can be found in Chapter 3 of this report – Work of the Women's Room in 2008.

Main clusters of our activities are education, research, direct work with victims of sexual violence, publishing and public work.

2.2 Structure of the Women's Room

Structure of Women's Room includes:

- 1) **Assembly** which represents the highest electoral and program body and includes regular Women's Room's members;
- 2) **Management Committee** is managerial body that consists of five independent experts in the field of women's human rights and the president of the Coordination Team;
- 3) **Coordination Team** is an executive body which includes coordinators of Women's Room's programs;
- 4) **Working Team** takes part in implementation of programs and projects and includes all members that participate in the Women's Room's work, including volunteers. List of Women's Room's members can be found in the Attachment 1.

The **Working Team** of Women's Room during 2008 was comprised of **Maja Mamula** (President of the Coordination Team), **Voljana Kapelina** (Office and Financial Coordinator – until May 31, 2008), **Paula Zore** (Office and Financial Coordinator – from June 1, 2008), **Dunja Bonacci Skenderović** (Coordinator of Trafficking in Women Program), **Ivana Dijanic Plašć** (Counseling Coordinator – until March 31, 2008), **Maja Vukmanić** (Counseling Coordinator – from April 1, 2008), and **Dalibor Stanić** (Project assistant and a volunteer). The Women's Room's Team has contributed **783** overtime, unpaid working hours in 2008.

In addition to the core of Women's Room Team, **18** experts from specific fields worked on our projects and programs as well as **24** regular volunteers who provided important contribution to the work of the organization with their energy, activities and creativity. Other volunteers participated in specific activities. Total contribution of volunteers was **1130** hours (Attachment 2).

During 2008, the Women's Room members devoted their efforts to achieving not only the goals set, but also to the development of the organization, evaluation of their work and achievements, and plans for further organizational development.

3. 1. Education

Education has been systematically arising as a dominant form of our work, in accordance with main goals set when establishing Women's Room. Numerous educations that we continuously deliver are a result of our focus on this important field, through development of educational projects/programs, but also thanks to numerous invitations we receive from civil society organizations, professional associations, and different governmental bodies and institutions which recognize the quality and importance of the content of our educations.

Main areas of education are:

1. Sexual violence including trafficking in women for the purpose of sexual exploitation;
2. Sexual rights, sexuality, sexual and gender minorities, sex and gender;
3. Sex/gender equality;
4. Gender based violence – violence against women;
5. Other areas (organizational development, networking and other).

Methodology of education varies; it is adjusted to beneficiaries and includes lectures, workshops and trainings (one-day or few days long), round tables, public panels, conferences, supervision and consultation.

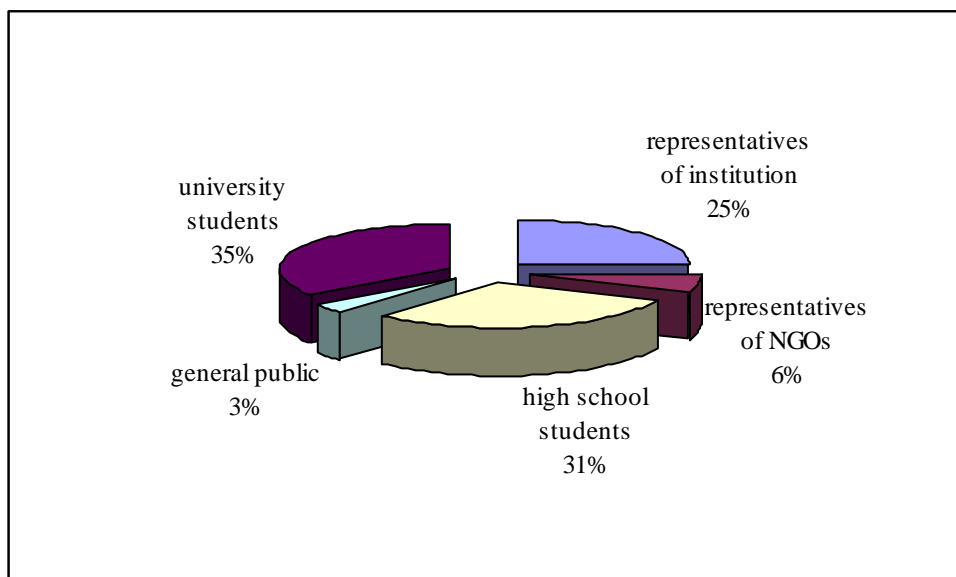

Main target groups of education are:

1. Women;
2. Representatives of civil society organizations in Croatia, region and other countries;
3. Representatives of relevant state institutions and bodies;
4. Youth - elementary, high school and university students;
5. LGBTIQ population;
6. Society at large.

During 2008 members of the Women's Room delivered **95 different educations: 50 lectures, 12 trainings, 27 workshops, one regional conference, 3 panels and 2 round tables** for representatives of civil society organizations and different state institutions and bodies, for youth (high school and university students) and general public. Total number of participants of these educations was **2644**.

The following chapters present educations that were delivered in regards to themes and beneficiaries.

Zagreb, June 12 – 14, 2008

3.1.1. Sexual violence including trafficking in women for the purpose of sexual exploitation

Since our beginning, we have defined our overall work through development of prevention projects/programs against sexual violence, direct work with victims, education and raising awareness of target groups.

We held total of **47 different educations on sexual violence**: 17 lectures, 8 trainings, 19 workshops, **one** regional conference and 2 panels. Total number of participants amounted to **1197 persons**:

- 20 for elementary and high school students (429 persons)
- 15 for representatives of governmental bodies and institutions (432 persons)
- 7 for students of different universities (120 persons)
- 2 for general public (140 persons)
- 3 for representatives of nongovernmental organizations (76 persons)

Out of 8 trainings that were delivered, 4 were multi-day: 2 for representatives of non-governmental organizations and 2 for students of different universities.

Themes of these educations vary: from definition of sexual violence, its forms and prevalence, consequences, traumatization, rape trauma syndrome and direct protection of victims to legislative

changes in regards to sexual violence and development and implementation of the Code of Conduct in Case of Sexual Violence.

Within the scope of these educations, a regular meeting of the Network of Governmental Institutions and Nongovernmental Organizations against Sexual Violence was organized. This Network exists since 1998 and includes over 30 experts in different areas of work: police, healthcare, judiciary system (State Attorney's Office, courts), education, and mental health protection. The main focus of this meeting was implementation and monitoring of the Code of Conduct in Case of Sexual Violence.

On December 2, 2008 and within the scope of the educational project for university students (Students against trafficking in persons through raising awareness and prevention STOP), we organized a concert for International Day Against Slavery in «Purgeraj» Club. Antentat, deMODE and DJ Rea performed and project coordinator, Maja Vukmanić, gave short lecture about the issue of trafficking in persons in Croatia. More than 250 young people attended the concert.

3.1.2. Sexual rights, sexuality, sexual and gender minorities, sex and gender

Since 2004, the Women's Room has been working systematically on the promotion of the concept of sexual rights in Croatia. We have been organizing various activities with all target groups with the aim of education about and promotion of sexual rights.

During 2008, **36 different educations** were delivered within the scope of this field: **29** lectures, **1** two-day trainings, **5** workshops and **1** round table. There were **1124 participants**:

- **25** for students of different Faculties (1097 persons)
- **6** for high school students (112 persons)
- **4** for representatives of governmental bodies and institutions (195 persons)
- **1** for representatives of nongovernmental organizations (18 persons)

Because of the importance of this topic, as well as the fact that the Women's Room is one of the rare organizations that deals with these issues in Croatia and the region, our aim is to continue developing and advancing this field.

3.1.3. Sex/gender equality

Sex/gender equality is one of the core issues that we work on. During 2008, total of **8 different educations** were held: **3** lectures, **1** training, **3** workshops and **1** panel. There were **141 participants**:

- **5** for representatives of governmental bodies and institutions (107 persons)
- **3** high school students (34 persons)

Main topics of these educations were gender and sexual identities, gender prejudice and stereotypes, indicators of inequality, role of Croatian and international mechanisms for protection and promotion of gender/sex equality, as well as transgender issues and intersexuality.

3.1.4. Gender based violence

During 2008, **2 educations** were held with **60 participants**: **one three-day training** for civil society organizations (9) and **one lecture** for student population (51 persons).

Withing the scope of this field, we cover numerous topics: definitions of gender based violence, forms and prevalence, mechanisms of protection, establishing and coordinating SOS phone lines and counselling services.

3.1.5. Other fields of education

2 educations were held within the scope of this field. There were total of **23 participants**: **1** two-days training for representatives of civil society organizations on counselling work (7), and **1** round table on youth and media (15).

3.1.6. Education of Women's Room's Team

Continuous systematic education of the Women's Room's members is extremely important due to high volume of educations that we provide for our target groups as well as for development and improvement of existing educational models. During 2008, members of the Women's Room attended **8** specific, expert educations important for our everyday work such as educations for sexual therapy, psychotherapy but also educations related to organizational development and fundraising (Attachment no. 3, Chapter 5).

3.2. Research

It is important to point out that we work on implementing scientific research in order to provide relevant data needed for Women's Room's areas of work. This research is instrumental for drafting reports and documents, raising awareness of the public, and for development of new and more efficient models of work with our target groups.

Women's Room has so far **implemented and published seven researches**: Attitudes of Political Parties about LGBT Rights before Elections in Croatia in 2003 (2003); Attitudes and Knowledge of University Seniors of Relevant Universities about Sexual Violence (2004); Status of Women's Sexual Rights in Croatia (2005); Experiences of LGBTIQ Population with Psycho-social Providers in Croatia (2005); Gender Prism of Sexual Rights of Youth (2008) and research on issues regarding trafficking in persons in Croatia (2008).

During 2008, Women's Room began planning the «Gender, Gender Roles, Sexuality and Violence» research. It is a voluntary project of the Women's Room which includes a team of psychologists and professionals of other profiles. The goal of this research is to establish relations between gender roles of young people, behavior and attitudes in the area of sexuality, as well as experiences of various kinds of violence, and attitudes about violence. The target groups for the research are 600 male and female high-school students from Zagreb.

3.3. Direct work with victims of sexual violence

In 2008, the counselling work of Women's Room was significantly widened. Thanks to the support of the Embassy of Finland in Zagreb and to the National Foundation for Civil Society Development, Women's Room opened a *Center for Victims of Sexual Violence*.

Official opening of the Center was held on July 27, 2008 in «Dubrovnik» hotel. More than 90 interested guests attended, including representatives of numerous institutions and professionals who regularly deal with victims of sexual assault in their work. Attendees came from the police, judicial system, State Attorney's Office, centers for social welfare, health care, public and political sphere, nongovernmental organizations, students, and interested citizens. The opening was covered by representatives of numerous media. The opening and the work of the Center were supported by the speeches of: **Ann-Marie Nyroos** (The Finnish Ambassador in Croatia), **Helena Štimac Radin** (director of the Office for Gender Equality of the Government of Croatia), **Luka Maderić** (director of the Office for Human Rights of the Government of Croatia) and **Neva Tolle** (the founder and coordinator of the Autonomus Women's House in Zagreb). Letters of support were sent by: **Gordana Lukač Koritnik** (Ombudsperson for Gender Equality), **Professor Aleksandar Stulhofer** (director of the Department for Sexology, Faculty of Philosophy, Zagreb), **Mirjana Ferić Vac** (representative in the Croatian Parliament, the president of Social-Democratic Women's Forum of SDP), and **Gordana Buljan Flander Ph.D.** (director of the Clinic for Children of the City of Zagreb).

Center for Victims of Sexual Violence is the first specialized service of the kind in Croatia, but also in the region, whose basic goal is to improve the quality of life of people who experienced sexual violence.

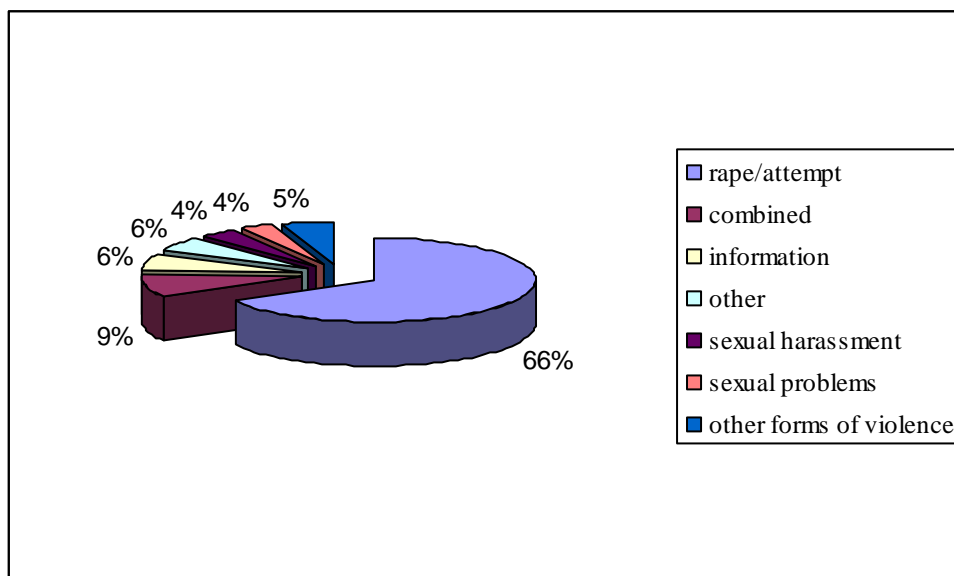

Within the Center we provide help primarily to women who experienced **rape, sexual assault** and/or **sexual harrasment**, as well as to **persons** who need information and support in regards to **sexual rights and sexual health**.

Forms of support and assistance we provide are: information, counseling (psychological, medical, legal), and psycho-therapeutic work. **Methods of work** are: by telephone, in person in our premises, by e-mail, or via mail. An educated **expert team** works at the Center and consists of 3 psychologists, a doctor and a lawyer. Other professionals can be contacted when needed who are willing to assit with their knowledge and expertise.

During 2008, we held **174 counselings** and our assistance and support were provided to **78 clients**.

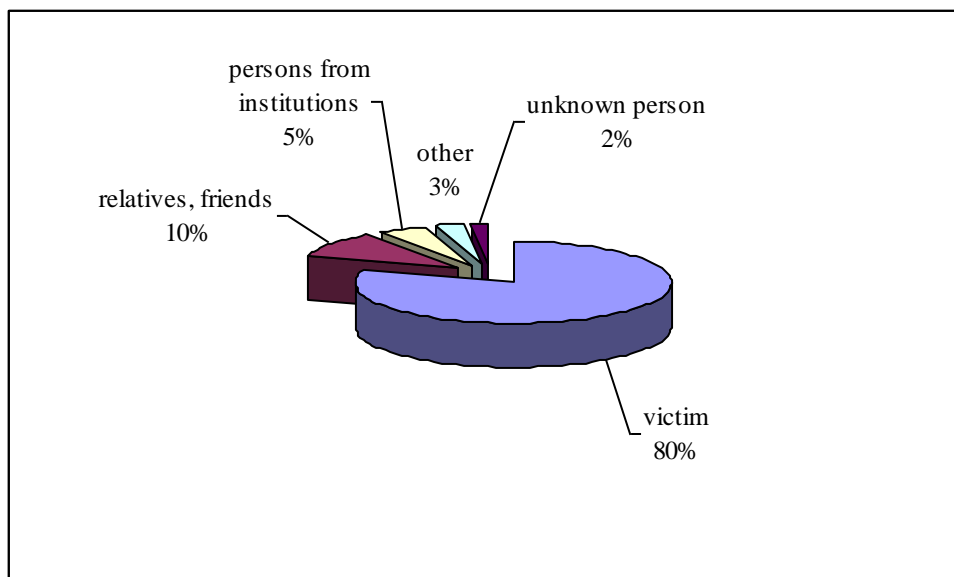

The most frequent problems that our clients raised were: rape and sexual abuse (67%). Less than 10% of reuqests for assistance include other issues such as information, combination of issues, and family violence (Graph no. 2).

Graph no. 2: Problems regarding which persons requested Women's Room's assistance in 2008

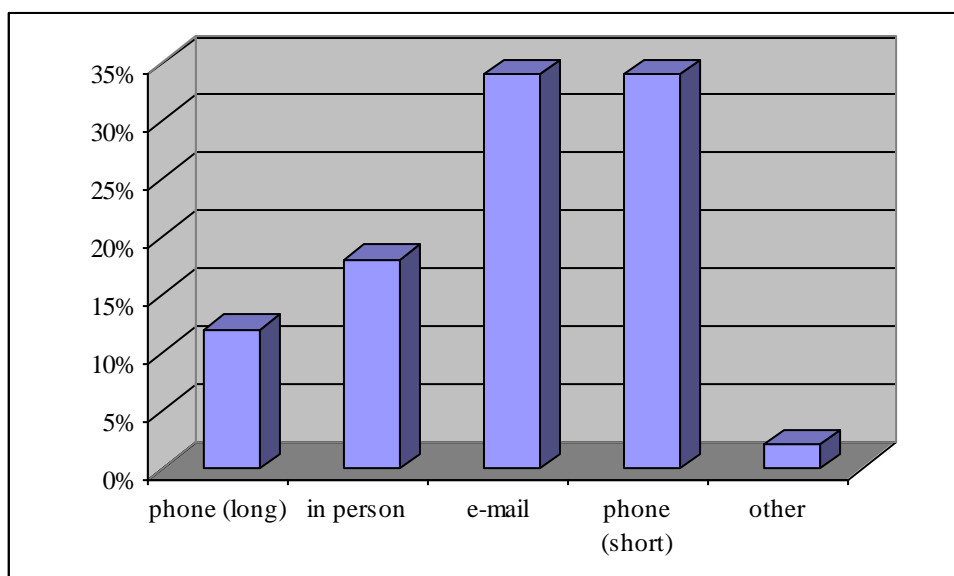

The analysis of **persons contacting us the most** indicates that in 80% of the cases it is the victim, 10% of times family or persons close to the victim while 5% of times we were contacted by persons from different institutions.

Graph no. 3: Persons who contacted the Women's Room for support and assistance

According to types of counseling, the most prevalent forms of counseling were phone counseling – short (34%) and counseling over email (34%) which is a significant shift compared to 2007. Face-to-face counseling and/or psychotherapy work in the Center's premises follows with 18.4%, then phone counseling – long (over 30 min) (12,1%), and other types of counseling such as mail (3%) (Graph no.4).

Graph no. 4: Type of counseling provided

When comparing data from 2008 and previous years in regards to counseling work of Women's Room, we have noticed a significant increase in the number of clients, while among other data such as type of problem, person making the contact and number of repeated calls there were no significant changes.

3.4. Publishing

Women's Room published 18 different materials during 2008: two books, one manual, three posters, four leaflets and 8 different promo materials of the Women's Room and the Center for Victims of Sexual Violence.

Books:

Liz Kelly: „Surviving Sexual Violence“

We are pleased that the translation of the book by the famous feminist professor and expert in the field of sexual violence Liz Kelly has finally been published. This project has been initiated in 2003 but due to the lack of financial resources the book has not been published until now. In 2008, we decided to do everything we can in order to publish the book. As a result, the Women's Room entered cooperation with Publishing House KruZak and the book was finally published in 500 copies. Promotion of the book took place on June 13, 2008 in the Zagreb Round Table premises and the author of the book Liz Kelly made this event very special and even more significant through her presence.

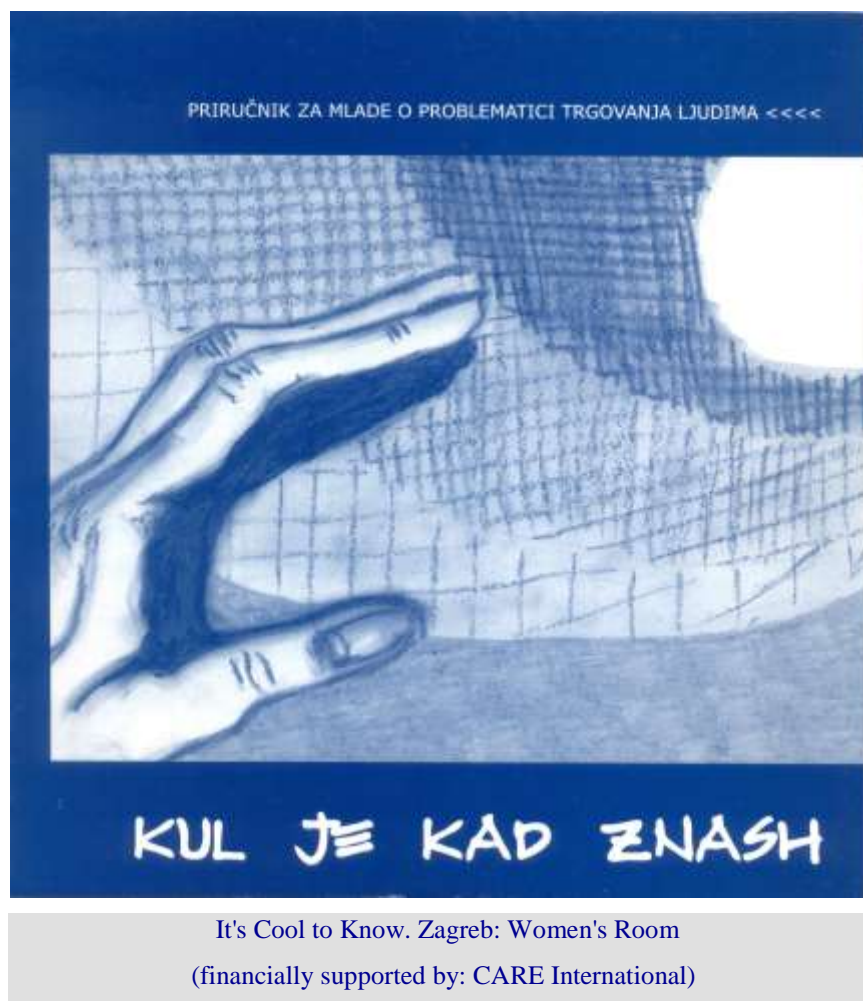

Liz Kelly: „Surviving Sexual Violence“

„It's Cool To Know!“ (for Croatia, Bosnia and Herzegovina, Montenegro and Serbia)

This book was published as a part of the project *Actions against Trafficking in Persons*. The main goal was to broaden, adapt and translate manual for youth about the problem of trafficking in persons *It's Cool to Know* for three countries in the region: Bosnia and Herzegovina, Montenegro and Serbia. Each manual consists of 91 pages that are divided into 6 chapters. Four networks of

nongovernmental organizations working on prevention on trafficking in persons from four countries participated in development of the manual. One organization from each country coordinated adaptation of the manual for their country.

Manual:

„ABCs of Sex/Gender Equality“

The manual was published within the scope of the project „ABCs of Sex/Gender Equality“. The main goal of this manual is to educate youth in high schools and their professors about basic elements of gender/sex equality, existing discrimination as well as ways of impacting attitudes of youth towards the development of the society in which equality of sexes will be a reality.

Manual has 56 pages that are divided into 5 basic chapters dealing with sex equality:

1. Sex/gender equality: what is equality, gender sensitive education, equality in family relations, equal opportunity on the labor market, political participation, gender-based violence.
2. Basic terminology on gender equality.
3. Workshops for youth: five workshops for work with youth.
4. Documents on gender/sex equality.
5. Useful information on sex/gender equality.

Manual was edited by Maja Mamula and writers are: Maja Mamula, Ivana Dijanić Plašč, Željka Jelavić, Paula Zore and Maja Vukmanić.

3. 5. Public work, networking and lobbying

In 2008, the Women's Room continued with the active work in the area of networking, public advocacy and systematic public work, through our daily activities and presence in the media (Attachment no. 3, Chapter 6).

Members of the Women's Room took part in 29 international and local conferences, meetings, thematic sessions or promotions organized by local and/or international organizations or governmental bodies.

Additionally, the members of the Women's Room took part in **27 meetings of different networks, teams, work groups, coalitions, coordinations and councils.**

Media work of the Women's Room was, during 2008, covered **69** times by many newspapers, magazines, TV and radio shows and portals..

3.5.1. Networks, teams, work groups, coalitions, councils

The Women's Room is active in several networks (Women's Network of Croatia, Petra Network), teams (Operational Team for Combating Trafficking in Persons within the Office for Human Rights of the Government of Croatia), coalitions (Civil Coalition «Stop High-Risk Sexual

Education), coordinations (LGBTIQ Coordination) and councils (Council of Youth of the City of Zagreb).

We took part in the work of **WOMEN'S NETWORK OF CROATIA (WNC)** at **3** different actions, events and regular meetings, including the annual Assembly of the WNC (November 14-15, 2008, Zagreb). Since its founding, the Women's Room has been a member of WNC and we cooperate on mutual projects (e.g. Feminist Summer School 1-5) and actions (e.g. events for March 8).

Within **PETRA NETWORK**, the members of the Women's Room attended **four** regular meetings, and meetings with relevant institutions. During 2008, PETRA Network continued working on strengthening its capacities, and its members took active part in creating strategic national documents against trafficking in persons, such as the National Plan for Combating of Trafficking in persons in the Republic of Croatia 2009 – 2011.

The Women's Room participates in the work of the **OPERATIONAL TEAM OF THE NATIONAL COMMITTEE FOR COMBATING TRAFFICKING IN PERSONS** through its representative Dunja Bonacci Skendrovic, who attended **three** meetings in 2008. New cases of trafficking were discussed at the meetings, as well as questions and problems connected to the identification of victims of trafficking who accepted assistance and protection. Activities of non-governmental organizations and institutions were also discussed at the meeting. Our member was also present at the meeting of the National Committee for Combating Trafficking in Persons where the creation of the National Plan for Combating Trafficking in Persons in Croatia from 2009 to 2011 was discussed.

THE WORKING GROUP FOR DEVELOPING ANALYSIS AND PLAN OF ACTION FOR COMBATING ALL FORMS OF VIOLENCE AGAINST WOMEN held **ten** meetings, and our coordinator, Maja Mamula, leader of the Working Group was present at the meetings. The Working Group was created in order to develop the Analysis of the Present Situation Regarding Violence Against Women, emphasizing all forms of violence, except for the family violence, the Action Plan for Combatting of All Forms of Violence Against Women, and the Code of Conduct in Case of Sexual Violence.

a) The development of the Analysis of the Present Situation Regarding Violence Against Women, emphasizing all forms of violence except family violence is almost completed, and it will be finished by the beginning of 2009. It includes different relevant information about various forms of violence, its prevalence, legal perspective, available researches, civil society organizations, etc.

b) The development of the Action Plan for Combatting of All Forms of Violence Against Women was regularly considered and modified during 2008 parallel with the development of the Analysis of the Situation and the Code of Conduct in Case of Sexual Violence.

c) The development of the Code of Conduct in Case of Sexual Violence was finalized in 2008. However, due to the announcement of possible changes to the Law on Criminal Proceedings, we revised the whole text at the 7th meeting of the Network of Cooperation between Governmental

Institutions and Non-governmental Organizations (November, 2008). We added slight changes in order to include future changes of this Law. Because of these changes, and the need to ensure the time for all the members of the Working Group to get familiarized with them, the Protocol was not completed according to the plan. Its finalization in terms of the Working Group and forwarding the Code for further procedural aspects is expected at the beginning of 2009.

Women's Room cooperated with the **CIVIL COALITION «STOP HIGH-RISK SEXUAL EDUCATION»**, through attendance at 2 working meetings, as well as through involvement in various activities: The Coalition was founded in January 2007 with the goal to prevent the implementation of the experimental program of health education of the Association GROZD in elementary and high schools because of the discriminatory, unscientific and anti-constitutional parts of their program. Despite the Coalition's efforts to stop this process, the Ministry for Science, Education and Sports chose 9 elementary and 5 high-schools during 2008 for conducting this experimental program, and teachers and external experts were trained for the purpose of its implementation. The program was conducted, with parental consent, during classes with head-teachers. The Coalition filed a complaint against implementation of such program to the European Board for Social Rights. After the evaluation in schools, the Ministry for Science, Education and Sports decided to terminate the Experimental Program of Health Education in schools, as the evaluation indicated there were no differences in students' knowledge in control schools compared to schools where the program was conducted.

During 2008, Dalibor Stanić participated in the regular meeting of the **LGBTIQ Coordination of Croatia** where future activities of Coordination, presentation in the public and possible models of joint public reactions were discussed.

Representative of the Women's Room, Maja Vukmanić, actively works in the **YOUTH COUNCIL OF THE CITY OF ZAGREB** that has recently been established by the City Assembly of Zagreb. This Council is an advisory board to the City Assembly whose aim is to actively include youth in the public life of the City of Zagreb. Council deals with issues important for functioning of the Youth Council, areas of work of the City Assembly that are relevant for youth, suggests decisions, programs and other policies to be adopted by the City Assembly that are important for improvement of the position of youth. Furthermore, Youth Council suggests to the City Assembly sessions on specific issues pertinent to improvement of the position of youth as well as models for solution to these issues, participates in development and implementation of the City Program of Action for Youth, writes reports to competent institutions. Maja Vukmanić participated in 3 sessions of the Youth Council of the City of Zagreb during 2008.

3.5.2. Media presence

Media presence is an important area of the Women's Room's activities. Our main goal is to reach beneficiaries of Women's Room's services who obtain information about our work. Second aim is to raise awareness of the public about issues of sexual violence and sexual rights. During 2008, our work was covered **69** times (more detailed in the Attachment 3 – Chapter 9 Media Presence).

Our texts, comments and interviews were published in **18** daily newspapers, weekly and monthly magazines (e.g. Jutarnji list «Opening of the Center for Victims of Sexual Violence», March 2; Tena «Sexual Violence», June 26).

ŽENSKA SOBA Otvoren Centar za pomoć žrtvama seksualnog nasilja

Silovani zovite 61 19 444

Centar za žrtve seksualnog nasilja u kojemu će žrtve nasilnika dobiti psihološku, pravnu i moralnu podršku predstavila je sinoć Ženska soba.

Iako su i do sada pomagale žrtvama obiteljskog i spolnog nasilja, odlučile su registrirati upravo ovakvu organizaciju kako bi lakše ostvarivale ciljane programe i mogle tražiti financijsku pomoć, objasnila je predsjednica Ženske sobe Maja Mamula. Osim osnovne pomoći žrtvama, koje su najvećim dijelom žene, cilj Centra je senzibilizirati javnost na problem spolnog nasilja koje se u našem patrijarhalnom društvu često opravdava, kazala je Neva Tölle, predsjednica Autonomne ženske kuće koja je podržala osnivanje centra. Prema policijskim statistikama svake godi-

ne se prijavi prosječno 600 kaznenih djela protiv spolne slobode i čudoređa. Prošle je godine bludne radnje prijavilo 235 žrtava, a 114 žrtava prijavilo je silovanje. Procjenjuje se da na svako prijavljeno silovanje dolazi 15 - 20 neprijavljenih. To je preko dvije tisuće silovanih žena godišnje.

– Svaku drugu do tre-

ću ženu, žrtvu obiteljskog nasilja siluje partner. Mnoge se žene libe prijaviti silovanje jer još uvijek vlada mišljenje da je ona djelomično kriva. Često okolina žrtvama prigovara zašto su popile tri piva, zašto su se izazovno odjenule i zašto hodaju same noću – kazala je N. Tölle.

Psihičke posljedice silovanih žena slične su simptomima posttraumatskog stresa. Centar će stoga žrtvama pomagati u procesu prijave silovanja u bolnici i na policiji, pravno ih i psihološki savjetovati, savjetovati obitelj i užu okolinu, organizirati psihoterapije i druženje žrtava te ih pripremiti na sudski proces.

Pomoć Centra može se tražiti na telefon 61 19 444 ili na zenska.soba@zamir.net.

Srednje škole Predstavljen projekt Udruge Ženska soba

Učit će o ravnopravnosti spolova

● SINIŠA MAKSIMOVIĆ

Učenici prvih i drugih razreda srednjih škola u sklopu nastave učit će i o ravnopravnosti spolova, a tim povodom jučer je u starogradskoj vijećnici predstavljen projekt "ABC DA ravnopravnosti spolova". Gradski ured za zdravstvo provodit će projekt u suradnji s nevladinom udrugom "Ženska soba", kako bi do iduće školske godine profesori iz 55 srednjih škola bili spremni predavati o ravnopravnosti spolova. Projekt je dogradila načelnica Ljiljana Kuhtić, pravobraniteljica za ravnopravnost spolova Gordana Lukač Koritnik i srednjoškolskim profesorima predstavila Maja Manola, predsjednica Udruge "Ženska soba".

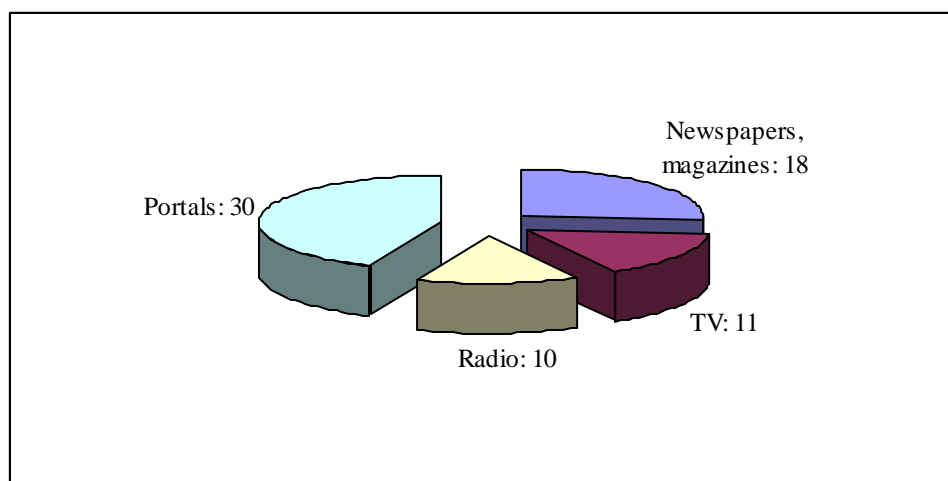

– Cilj je educirati profesore i stručne suradnike kako bi oni mogli prenositi znanje o ravnopravnosti spolova na svoje učenike - rekla je Manola. ●

3.5.3. Networking of the Women's Room

The Women's Room is a member of the following Networks, Initiatives, Working groups and Committees:

Women's Network of Croatia; PETRA - Network of NGOs for Prevention and Elimination of Trafficking in Women; National Committee against Trafficking in Human Beings; Operational Team against Trafficking in Human Beings; Working Group for Developing Analysis and Plan of Action for Combating All Forms of Violence Against Women; «Civil Coalition: Stop High-risk Sexual Violence»; LGBTIQ Coordination of Croatia; SEE Q Network; ASTRA Network – Central and Eastern European Women’s Network for Sexual and Reproductive Health and Rights; ILGA – International Lesbian and Gay Association, Network of Euro-Mediterranean Cooperation Anna Lindh and WAVE.

3.6. The Women's Room's Organizational Development

Development of the Women's Room is defined by the Strategic plan of Women's Room 2006-2009 as well as by the current Operational Plan of the Women's Room for 2008.

In December 2008, we organized a workshop *Organizational Values* for members of the Coordination Team.

Also in December, we organized strategic planning of the Women’s Room for 2009 where we made decision that the Women’s Room will base its work in 2009 in two main areas:

1. Sexual violence, including trafficking in women
2. Sexual rights, women's sexuality and sexual and gender minorities' rights

This recommendation was adopted at the Elective annual Assembly of the Women's Room, which was also held in December 2008. Also, decision on new Coordination Team of the organization was made. The new Team it is comprised of:

- Maja Mamula, President of the Coordination Team
- Dunja Bonacci Skenderović, Coordinator of the Sexual Violence Program, including trafficking in women
- Paula Zore, Office and Financial Coordinator
- Maja Vukmanić, Coordinator of the Center for Victims of Sexual Violence

5 . F U T U R E D I R E C T I O N S – P L A N S F O R W O M E N ' S R O O M ' S D E V E L O P M E N T

Women's Room will continue during the next year with systematic work on making Croatian society develop as a society of citizens with equal rights regardless of their gender, sex, age, religion, nationality, ethnicity, and sexual orientation. In accordance with that, Women's Room continues with its numerous activities as well as with systematic lobbying through formal and informal contacts with institutions, politicians and public persons. We are continuing with participation in the Working Group for Developing Analysis and Plan of Action for Combating All Forms of Violence Against Women, whose aim is among other things development of the Code of Conduct in Case of Sexual Violence. We will also continue supporting the work of the Network of Governmental Institutions and Nongovernmental Organizations against Sexual Violence through organizing annual meetings.

Change that was instrumental for Women's Room during 2008 was definitely obtaining city premises for use from the City of Zagreb. Obtaining city space meant for the organization a possibility of greater investment into improvement of the work of the organization and Center as well as certain level of security for future. Furthermore, being recognized by the City of Zagreb as a relevant civil society organization and receiving such trust testifies about the fact that Women's Room quality as an organization that contributes to the development of society.

At the beginning of 2008, we opened the Center against Sexual Violence that provides assistance and support to victims of sexual violence and persons close to them. We provide assistance and support in the process of reporting violence to competent institutions, preparation for court process, crisis counseling, working on traumatic experience with a therapist, and legal and medical counseling. During 2008 we strengthened our work on advancement of the Center and its recognition as a specialized service for persons who survived sexual violence. At the end of 2008, broadening the work of the Center has additionally been enabled by the project financed by the European Commission. This will inevitably be important for development of the Center, its improvement in terms of the number of counselors and additional services during 2009. In addition to psychological, legal and medical counseling, we plan to include gynecological counseling and to increase number of volunteers.

Among all the things listed above, we are aware that much more effort needs to be put towards education of relevant institutions, organizations of the civil society, as well as the wider public about the existence of such a referral center and recognition of its importance.

In 2009, Women's Room is planning to continue the international cooperation with the existing collaborators, partners, but also to create new contacts. We think that the cooperation with the countries which do not belong to the region (e.g. Georgia) represents an extraordinary possibility to learn, and to improve the work of our organization.

In 2009, we are planning to launch a big media campaign, whose goal would be to warn the public about the fact that various kinds of sexual violence exist and how prevalent they are. The campaign will consist of printed advertisements in daily newspapers which will be published for a few weeks. An exhibition of all the solutions and ideas received from different marketing and agency companies is planned for the very end of the campaign.

We will continue with educational program through which the Women's Room is recognized in public, as well as working on lobbying for changing political views which directly shape the mechanisms for protection of women's rights.

Women's Room will, as it has been doing so far, work in accordance with the recognized social needs, visions and organizational capacities, basing everything, firstly, on the quality and commitment in implementing all the activities.

W E W O U L D L I K E T O T H A N K

In 2008, our work was supported by:

Ministry of Science, Education, and Sport; National Foundation for Civil Society Development; Global Fund for Women; CARE North West Balkan; Embassy of Finland; The City of Zagreb - City Office for Health, Labor, Social Welfare, and War Veterans; Zagreb County; Office for Human Rights of the Government of Croatia; European Commission; Pliva; Hypo Bank; Karlovačka Brewery; and Končar.

We would like to thank Liz Kelly who enabled organization of the first regional conference against sexual violence.

We express our gratitude to Diana deVegh, long-term supporter of Women's Room. She has been giving us strength through her support and love and made us feel that our work is recognized outside of Croatia.
